Located five minutes from downtown St. Louis, the Sauget Business Park is a seven hundred (700) acre park centrally located between Rt. 3 and I-255 Interstate. The Park provides access to the Mississippi River, "Class I" railroads, Illinois Interstates 55/70/64 & 44 and the St. Louis Downtown Airport.

AVAILABLE PARCELS

Established in 1991, the 700 acre Sauget Business Park is home to over twenty light manufacturing, logistics fabrication and processing facilities. Strategically located, the Park provides direct access to major interstate highways, the Mississippi River, "Class 1" railroads, and sits next to the St. Louis Downtown Airport.

Protected deed restrictions include concrete tilt up buildings and utility access to property lines within the Park. These along with incentives available from the Village of Sauget and St. Clair County, are some of the many positives to a location in the Sauget Business Park, helping you make the "Smart Move"
